The Art and Craft of Handmade Books By Shereen LaPlantz This is the companion to The Art and Craft of Handmade Books (2003) by the author. Any book is collaboration between the author and the publisher, who supplies both the editor and the art department. For most instructional books, the author knows the subject and the editor knows English.

The Art and Craft of Problem Solving is a first approximation of my attempt to spread the gospel. I decided to write this book because I could not find any suitable text that worked for my students at the University of San Francisco. There are many nice books with lots of good mathematics out there, but I have found that mathematics itself is not
