Gorgias Press. Meccan Trade and the Rise of Islam  
Meccan Trade and the Rise of Islam is an incredibly detailed study of what pre-Islamic trade 'might' have been like. Crone explains that there are too many uncertainties and far too little written or archaeological data to draw any definite conclusions, but what we do know is that the traditional narrative about a prosperous trading city in the middle of the desert simply do not add up.

Meccan Trade And The Rise  
Meccan Trade And The Rise Of Islam is a book written by scholar and historiographer of early Islam Patricia Crone. The book argues that Islam did not originate in Mecca , located in western Saudi Arabia , but in northern Arabia.

Timeline of international trade - Wikipedia  
The rise of the Soninke empire of Ghana appears to be related to the beginnings of the trans-Saharan gold trade in the fifth century. From the seventh to the eleventh century, trans-Saharan trade linked the Mediterranean economies that demanded gold—and could supply salt—to the sub-Saharan economies, where gold was abundant.

www.jstor.org  
The history of international trade chronicles notable events that have affected the trade between various countries.. In the era before the rise of the nation state, the term 'international' trade cannot be literally applied, but simply means trade over long distances; the sort of movement in goods which would represent international trade in the modern world.
