THE CITY IN HISTORY by Lewis Mumford | Kirkus Reviews
For each city, this map shows the date of the earliest recorded population figure, which is not necessarily the date when the city was founded. The size of each dot corresponds to its population at that time. By 2030, 75 percent of the world's population is expected to be living in cities. Today, about 54 percent of us do. In 1960, only 34 ...
